

 **SUPERBAKrill™**

BY  **AkerBioMarine™**

↓
All natural, superior source of
omega-3 and choline

↓
Clinically proven
EU authorized health claims

↓
Harvested in some of the
cleanest waters on earth

THE NEXT GENERATION OF OMEGA-3

KRILL OIL

THIS IS KRILL

*A small crustacean
with unique health
components*

OMEGA-3S EPA & DHA

*Essential nutrients with
over 30,000 publications
documenting health
effects*

PHOSPHOLIPIDS

*Part of all cell
membranes and the
best delivery form of
EPA & DHA*

CHOLINE

*An essential building
block nutrient important
for liver health*

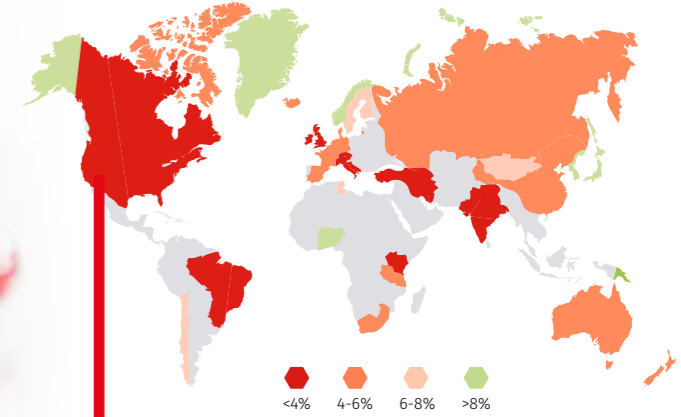

ASTAXANTHIN

*A powerful antioxidant
that naturally
preserves
the omega-3s*

Innovate & Differentiate

WITH THE KRILL ADVANTAGE: A FULL SPECTRUM OMEGA-3 SUPPLEMENT

80% of the world population have insufficient levels of omega-3¹.

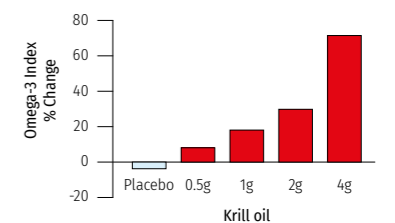

THE OMEGA-3 INDEX

THE OMEGA-3 INDEX test is a nutritional tool measuring the amount of omega-3s in the red blood cell membrane.

An Omega-3 Index of 8% or above is optimal for maintaining a healthy heart, while a low index increases your risk of developing an unhealthy heart.

SUPERBA KRILL™ is the most researched krill oil brand on the market, with several clinical trials documenting a significant increase in the Omega-3 Index.

MADE POSSIBLE BY FLEXITECH™

Aker BioMarine's exclusively patented technology platform gives the flexibility to up-concentrate the beneficial components of krill oil like phospholipids and choline, while removing the undesired elements. This technology opens up new possibilities for health claims, never before attained by omega-3 supplements.

2 capsules (1180 mg) =
4 EU Authorized Health Claims

EPA and DHA contribute to the normal function of the heart.

Choline contributes to the normal lipid metabolism.

Choline contributes to normal homocysteine metabolism.

Choline contributes to the maintenance of normal liver function.

GOOD FOR HEART

GOOD FOR LIVER

- Phospholipids
- Triglycerides
- ▲ Salts

	500mg	590mg
Omega-3	110 mg	159 mg
EPA	60 mg	89 mg
DHA	28 mg	41 mg
Phospholipids	200 mg	330 mg
Choline	25 mg	41,3 mg
Astaxanthin	50 mcg	50 mcg

KRILL OIL VS. OTHER MARINE OILS

Superba Krill™'s long chain omega-3s are better recognized by the body because they are mostly attached to phospholipids. This results in higher cellular incorporation.

All natural krill oil, directly from Antarctic waters.	Fish oil, extracted from different species and locations
Omega-3s bound to phospholipids (PL)	Omega-3s bound to triglycerides (TG)
Mixes with water	Does not mix with water
More easily incorporated into red blood cell membranes	Less easily incorporated into red blood cell membranes

- › NO FISHY AFTERTASTE
- › BETTER UTILIZATION
- › SMALL, RED AND POWERFUL

OUR UNIQUE VALUE CHAIN

- ↓ **PURE ANTARCTIC WATERS:** Sourcing from the cleanest waters on earth
- ↓ **KRILL:** The largest single species biomass on earth.
- ↓ **ECO-HARVESTING®:** Our own technology eliminates by-catch
- ↓ **HOUSTON PLANT:** Our state-of-the-art krill oil facility
- ↓ **PATENTED FLEXITECH™:** Innovative technology to create advanced products
- ↓ **OIL DRUMS AND CAPSULES:** Full range of formats to suit individual needs
- ↓ **RESEARCH AND INNOVATION:** We continuously investigate health benefits and advantages of krill oil

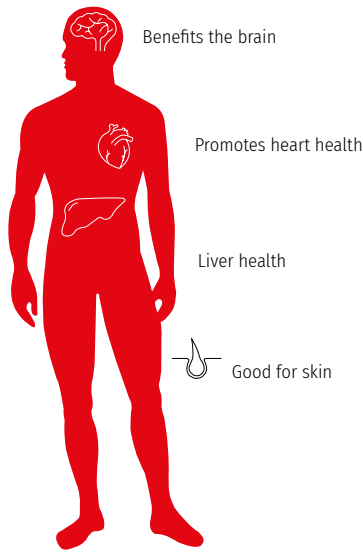

100% TRACEABLE

PURE AND TRACEABLE: FROM SEA TO SHELF

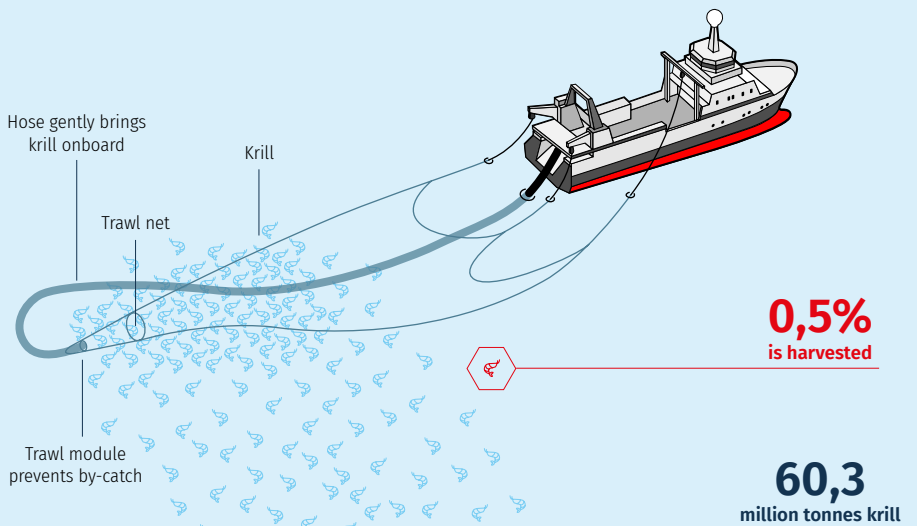

We own and control the whole supply chain and the harvesting position is permanently recorded guaranteeing 100% confidence of product origin and quality.

SUSTAINABILITY IS OUR FOUNDATION

Our krill oil is certified sustainable from the Marine Stewardship Council, and the krill fishery has an 'A' rating from the Sustainable Fisheries Partnership.

Prevents krill decomposition and degradation. Eliminates by-catch.

Traceability Tool:
Let your consumers trace their package directly back to the exact harvesting location
